Profile:

An aspiring football scout from the UK that has experience in creating match reports for teams and individual players utilising my tactical awareness and live observation skills to complete these tasks. Currently looking for opportunities at club level to further gain more experience and grow as a football scout.

Skills:

- Attention to detail
- Knowledge of tactical systems
- Pattern recognition
- Writing player/team match reports
- Player evaluation

Experience:

Volunteer scouting 2025/26 season

- Helped in creating opposition reports for both Grimsby and Harrogate. I would detail the opposition's formation in possession and out of possession, the tactics they employ in general play, set pieces and players to look out for.
- Attended a live game as a volunteer for Reading fc to scout on an individual player they wanted to know more about.

Feb – April 2019 Sports Analyst U-18s, Hammersmith and Richmond Football Club

- Worked with two colleagues to complete tasks assigned by the manager
- Developed skills in teamwork, ensuring tasks were accomplished efficiently
- Fostered an environment of honesty by discussing strengths and areas for improvement with teammates
- Encouraged open communication to ensure all team members could contribute effectively
- Promoted sharing ideas and feedback for collaborative problem-solving
