PROFILE

Football Scout and Football Data Analyst with experience in player evaluation, video scouting and football data since 2022. My background combines practical scouting in Romanian top-flight football, three years of professional football data work, and ongoing youth scouting for Ajax. I approach player evaluation analytically, with particular attention to decision-making, tactical context, transferable qualities and long-term development potential.

PROFESSIONAL EXPERIENCE

Volunteer Youth Football Scout | Ajax *May 2025–Present*

- Conduct video scouting on players from U12 to U19 across both youth and senior-level competitions.
- Produce individual player and full match reports, assessing technical, tactical, physical and psychological attributes alongside current ability and long-term development potential.
- Evaluate players across different leagues and competitive environments, with a focus on how their qualities and profiles fit the Ajax playing philosophy.

Football Data Analyst | UK-based Football Company *Sep 2023–Aug 2026*

- Worked on a freelance basis providing high-quality football data and analysis across a wide range of leagues and competitions.
- Delivered accurate and consistent work to strict deadlines while working independently and adapting to feedback and changing requirements.
- Maintained high quality standards under pressure across three years of professional football data work.

Volunteer Football Scout | Romanian Top-Flight Club *2022–2024*

- Produced individual player scouting reports across various competitions as part of a scouting department of around 40 volunteer scouts.
- Built the foundations of a structured approach to player evaluation, developing observation, analytical and report-writing skills through regular player analysis.

EDUCATION & PROFESSIONAL DEVELOPMENT

360 Scouting Academy *Apr 2026–Present* — Advanced scouting programme with weekly assignments, player discussion meetings, expert-led masterclasses and regular feedback. Work includes individual, comparative and full match reports; finished 2nd in the academy's first quarterly scouting competition.
