

FATHALLAH HICHAM

Football Scout & Tactical Analyst

Morocco | Phone: +212 671 640 699 | HichamFathallah@outlook.com

PROFESSIONAL SUMMARY

Detail-oriented Football Scout and Tactical Analyst with a Master's Degree in Database Management, combining advanced data analytics with practical training through 360 Scouting Academy. Proven expertise in producing screening reports, comprehensive team analyses, and actionable talent shortlists. Continuously sharpening acumen through masterclasses led by elite Sporting Directors and Coaches. Adept at bridging raw data metrics (Impect) with video analysis (Longomatch) and scouting reports (Scoutastic).

PRACTICAL EXPERIENCE & TRAINING

Football Scout & Analyst (Projects & Case Studies) | 360 Scouting Academy | April 2025 – Present

- Screening & Talent Evaluation:** Authored detailed screening reports and player profiles covering goalkeepers, defenders, midfielders, and wingers using Scoutastic.
- Player Suggestions & Tracking:** Developed and submitted targeted player recommendations and curated shortlists of high-potential young talents for ongoing professional monitoring.
- Football Situation Analysis:** Conducted rigorous team and match situation analyses, breaking down structural shapes, tactical transitions, and collective behavioral patterns.
- Advanced Data & Video Workflow:** Utilized Impect to analyze data trends across the Eredivisie and English Championship, and Longomatch for video tagging and visual validation.
- Professional Masterclasses:** Engaged in exclusive tactical workshops led by professional Sporting Directors, Head Coaches, and Chief Scouts, aligning workflows with elite standards.

CORE COMPETENCIES & TECHNICAL SKILLS

- Talent Identification & Screening:** Screening reports, multi-positional evaluation (GK, Defenders, Midfielders, Wingers), and young talent identification.
- Tactical & Match Analysis:** Team situation analysis, tactical framework evaluation, structural match breakdowns, and tactical pattern recognition.
- Scouting & Video Tools:** Scoutastic (reporting), Impect (Eredivisie & Championship data), Longomatch (video match analysis & tagging).
- Data Systems & Management:** Advanced database handling and structured tracking frameworks leveraging a Master's Degree background.

EDUCATION & LANGUAGES

Master's Degree in Database Management | [University Name] | [Year]
