CB In-Depth Report

Player Summary:

Julius Dirksen is a 23 years old football player for the Eredivisie. Tall (1.85 m) with strong composure of shoulders and back and long limbs, good speed and jumping capacity. Leadership skills, communicative and in charge of the back line at Go Ahead Eagles (formal club). Left footed.

Defending Long Balls:

C

Defending Long Balls - Description:

Height, strength and jumping power to face aerial duels, although in occasions the timing is not the ideal and coordination can be missed in the action.

Defending Through Passes:

B

Defending Through Passes - Description:

Recognition of passes and runners with good positioning of the body and in the field to start acceleration with right speed and timing with agility.

Defending Crosses:

B

Defending Crosses - Description:

In the box he protects the space with better coordination than in aerial duels in other parts of the field. Good positioning, making contact with opponents in the duels and clearing lot of chances out of danger.

1v1 Defending:

B

1v1 Defending - Description:

Speed and strength to tackle the ball with right timing, distance from the dribbler and body positioning.

Leaving Positioning Forward or Sideways:

B

Leaving Position - Description:

He is fast and proactive to go for the mark, pressing forward, covering sideways or run backwards to protect the space behind reading well the game to execute the action correctly. He covers the entire defensive line.

Building Up Under Pressure:

C

Building Up Under Pressure - Description:

Good technique to send sort (link up) or long vertical and horizontal passes (switch). He does not carry the ball for long. He can lose coordination if press from opponens is very high.

Building Up With Space and Time:

B

Building Up With Space and Time - Description:

Good repertoire of passes with great accuracy, both sort and long. Communicative with team mates even using indications as feints when opponents come to press the build up. The leader in a back line that changes tactically depending of defending or attacking situations, being himself the middle man in a backline of three when building up from defense. He sums up in attack in situations of corner being able to score due to his aerial power. Strong shot able to score from the front of the area in attacking transitions.

Recommend to Sign?:

Yes

Recommendation Description:

Even with similar profile, I think actually Julius Dirksen is more complete player than Rio Hillen and my initial recommendation goes for him. His contract expires in July 29 and current price is 800 thousand euro.
